Step 1 IRB Form Detail | Step 2 Consent Form Detail | Step 3 Instructions For Study | Step 4 Terms & Conditions

Purpose: This is a testing study for the Health-ePeople Research Dashboard and mobile applications. In order to determine the efficiency, accuracy, ease of use and user experience during the Beta testing phase, this fictitious consent form has been developed. This study involves internal research as to the workings of the applications only. No data provided will be kept or used for any purpose other than enhancing the applications and user experience. Your participation in this fictitious study is completely voluntary.

If you choose to participate in this survey study, it will require about 5 minutes of your time, and you will be offered no compensation for your time.

Procedures: You received this study invitation from Health-ePeople.com, by clicking on the email link or the My Research > Invited Studies tab of your main menu, you will be guided through a brief survey.

1 Step 1 IRB Form Detail 2 Step 2 Consent Form Detail 3 Step 3 Instructions For Study 4 Step 4 Terms & Conditions

Procedures: You received a Study Invitation from Health-ePeople.com. By clicking on the email link or the My Research > Invited Studies tab of your main menu, you will be guided through a brief survey. Follow directions through this guided survey and submit your responses at the end.

Risks and Benefits: Risks associated with the fictitious study are minimal and should not cause undo distress in your daily lives. Benefits are solely for the good of Health-ePeople and no direct benefit to you. You may feel good about yourself for helping advance the goals of science and of being perceived as a citizen scientist. You will not receive any points or monetary compensation.

Alternatives: You may choose not to participate in this study. If you choose to participate, you may go on with your Beta test.

Questions: Any questions regarding this survey test can be directed to Richard Ellis at [redacted]
